

PRESS RELEASE

Healthy Mind strengthens its presence in the UK and expands its immersive offering with the acquisition of Rescape Innovation

Paris, August 27, 2025 – Healthy Mind, an international leader in digital therapeutics designed to reduce pain and anxiety, announces the acquisition of Rescape Innovation, a UK-based pioneer in therapeutic virtual reality.

A strategic move to accelerate growth in the UK

With this acquisition, Healthy Mind consolidates its position in the UK market, building on Rescape Innovation's local expertise, its client base of more than 100 hospitals and clinics, and partnerships established with the NHS. This expansion is part of a broader international growth strategy aimed at making digital therapeutics for pain and anxiety relief accessible to as many people as possible.

Immediate enrichment of the product offering

The integration of Rescape Innovation's virtual environments directly enhances Healthy Mind's content library. With more than 200 immersive experiences now available, Healthy Mind offers the most extensive catalog on the market. Users will benefit from a wider and more diverse range of immersive programs designed to reduce stress, manage pain, and improve overall well-being.

A shared vision for innovation

This acquisition reflects a shared vision: harnessing the best technological tools to reduce pain and anxiety without medication. By combining Rescape Innovation's immersive expertise with Healthy Mind's technology and clinical research, the company strengthens its ability to deliver innovative, evidence-based solutions tailored to the needs of healthcare providers as well as individuals.

"We are delighted to welcome Rescape Innovation to Healthy Mind. This acquisition enables us to strengthen our presence in the UK and enrich our library of immersive environments, bringing even greater value to patients, healthcare professionals, and workplace well-being initiatives." said Timothée Cabanne, CEO of Healthy Mind.

“We are proud of the journey we’ve taken with Rescape in building trusted partnerships with UK hospitals and the NHS. We are pleased that Healthy Mind, will ensure continuity for our clients while also unlocking new opportunities to innovate and grow in the field of therapeutic virtual reality.” added Matt Wordley, founder and former CEO of Rescape Innovation.

About Healthy Mind

Founded in 2017, Healthy Mind develops digital therapeutics using virtual reality to improve the quality of life of patients and healthcare professionals. Already deployed in numerous hospitals, clinics, and healthcare facilities in France and abroad, Healthy Mind’s immersive experiences are scientifically validated and designed in collaboration with medical experts. The company also provides solutions for individuals and businesses to promote everyday well-being.

About Rescape Innovation

Based in the UK, Rescape Innovation specializes in creating immersive virtual environments for health, pain management, and anxiety reduction. The company has partnered with several hospitals and healthcare institutions across the country and has developed a library of content recognized for its effectiveness and accessibility. Rescape Innovation is regarded as a reference player in the field of therapeutic virtual reality in the UK.
